Report On 2 Days Residential

Training of CRPs and Progressive farmers on agronomic practices ,Farmer data Collection planning ,Mobile App tracking sheet data entry, regular follow up orientation etc.

Subject-2 days residential training of CRPs and Progressive farmers on agronomic practices ,Farmer data Collection planning ,Mobile App tracking sheet data entry, regular follow up orientation.

Date-29.09.2022 & 30.09.2022

Venue- Agrawal Training center ,Sohela

In present day context basic data is a most essential part for monitoring of a social/ Agricultural programme. Millet promotion is a challenging project initiated by Govt of Odisha under special programme for promotion of millets in tribal area. Here agronomic practices,Farmer data Collection planning ,Mobile App tracking sheet data entry, regular follow up orientation is an integral part for the purpose of farmer's data generation and uploading. With a view to this activity a 2 days residential program was organized for CRPs and progressive farmers at Agrawal training center, Sohela which was supported by ATMA , Bargarh, WASSAN and NCDS. On the other hand it was facilitated by Mahashakti foundation, Sohela with kind consultation by block agriculture Officer, Sohela

The following is a brief hints to this programme.

- 1) Nos. of Participants-10(CRPs and Prograssive Farmers)
- 2) Category-Farmers and CRPs

The following eminent personnel were presented in the 2 days training programme.

Resource Person-

Sri Pranabandhu Sahu,BAO,Sohela

Sri Sanyasi Seth,AAO

Training will be on following aspects/subjects

- a. Objectives of Odisha Millets Mission
- b. Components of Odisha Millets Mission
- c. Need for mobile application
- d. Installation of mobile application for tracking Sheet
- e. Different entry forms of the mobile application
- f. Data Entry related precautions for the mobile application
- g. Process of data entry for tracking Sheet,Crop Cutting
- h. Process of data sending
- i. Do's and Don'ts in the operation of the mobile application.
- j. Agronomic Practices

On dt-29.09.2022

On this date at the outset the program was formally inaugurated by Sri Pranabandhu Sahu ,BAO,Sohela in the presence of other agricultural staff all CRPs, Participant progressive farmers and millet team Sohela by lighting the sacred lamp. After that the basic objective of the program was explained vividly. Collection of different basic farmer's data such as cultivated land of ragi,Categories of land are to be collected from the grassroots level by the concern CRP. Consequently, the same should be digitized through a special application initiated by Odisha Millet Mission. In that application all the themes are to be upload step by step on the section of tentative section. The step by step processes were thoroughly elaborated by the Block Coordinator.In this context, a demo program was practiced by the CRPs.

In the second sitting of the first day SMI,LT,LS entry process was explained for clear understanding of the participants. After that data processing, data sending system were also analyzed for the better understanding of the participants. At last a feedback was conducted by Add Block coordinator and accountant and the confused matters created by the participants were re-analyzed in this section. At night all participants were requested to recap mindfully about all the subject discussed in the training section before going to bed.

On Dt 30.09.2022

In the 1st sitting of the 2nd day after an unanimous prayer was sung by the participants.After that participants (one from CPR and One progressive farmer) were requested to recap the last day training subject in order to refresh the program. After that Sri Pranabandhu Sahu,B.A.O, Sohela imparted the basic needs of the millet programme for rainfed area and Sohela block and the digitalization process with its importance. The block coordinator expected the kind cooperation from all the agriculture staff for smooth implantation of the programme both in physical way and digital method. The CRPs were directed by BAO sir for correct data creation and uploading which will be more helpful during distribution of incentive and ragi sold amount as well as data entry work in tracking sheet. In this connection Sri Sanyashi Seth ,AAO added an said that farmers are more interested to adduct the ragi cultivation during this current year which is a positive impact of previous year experience. This was possible only because of providing all incentive to the farmers, where clear data generation is primarily leads to this activity .

In the second session of the second day practical demonstration of mobile application was conducted by the CRPs through the help of their mobile device. All the CPRs were successfully practiced the uploading of tentative farmer's data at last part of session once again all the doubt and confusion were re explained to the participants.2 participants (one from CPR and One progressive farmer) were asked to present their two days learning before the training forum. Lastly Block coordinator ended the 2 days training programme with deep thanks to BAO and staffs of agriculture dept. Sohela, all CRPs and progressive farmers and above all millet team of Sohela Block.
