

Field day Report of Kharif crop Cutting

On dated 23rd October 2022 we organized a field day programme with the presence of VAW of Jamudoli, Prakash Chandra Pradhan and farmers from different parts of Athmallik Block for the Kharif crop cutting at-jamudoli, GP-Jamudoli, Block-Athmallik, OMM-VIRD. Initially the programme was planned at Olatha, GP-Aida, but due to wild boar destroyed that ragi field, we change the location.

Before organization of the programme, the farmers were contacted and resource person were invited accordingly to the field days programme venue. Along with the said farmers, others farmers from the neighbor families participated in the concerned field day.

Firstly all the resource persons were warmly welcomed by the participants. Then the resource facilitators were introduced by the Add. Block coordinator Kamesh ranjan Behera to the plenary and also welcomed all the participants and shared regarding the OMM programme and VIRD. Then Block Coordinator Soundarya Bag, introduced about the objective of OMM programme, and different package of practice after that programme was handed over to the VAW, he addressed about the Nutrition important of Millets product, organic farming, CCE and why field day programme are organized. After all discussion about different point of OMM, went to filed for crop cutting.

The plot for ragi crop cutting were finalized from the South West corner of the field on a randomly basis.

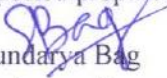

The sizes of crop cutting plot were in 5 meter * 5 meter size. The plot were demarcated through color rope and installing pillar from four corner. At the eve of the activities the farmers were gathering around the rope along with guest and resource persons. It was impaled that from 1 acres of land production would be 100 more times of this sample. And from an average of the locality the production would be calculated. The farmer took special interest in Crop cutting exercise (CCE).

In the beginning of each activity the farmer cut the crop from the border line of the sample plot and then cut the crop from middle of the sample plot. We counted number of the pinnacle of ragi from the sample field. It was found that each pinnacle contain 4-8 petals. The weight of the production were weighed and noted down. It is discussed and decided to dry the collected seeds in sun and the final weight of the seeds from that sample plot to be collected from the farmer average the production of the locality. The farmer came to know regarding a new lesson from this exercise. Then lunch Break.

After Lunch break, the session for the doubt clear and experience sharing by the Millets farmer. Farmers are asking about different query regarding the different package of practice, process of preparation of jibamruta and bijamruta, incentive and many more. After that some farmers share their experience and how they benefited from Odisha millets mission programme. And lastly, CRP of concern field thanking to all the participant, guest and resource persons for attending the programme. The programme is facilitated by the VAW of the area along with the FA-VIRD project staff.

Field day Report of Kharif crop Cutting

On dated 22nd October 2022 we organized a field day programme with the presence of VAW of Luhasingaa, Prakash Chandra Pradhan , Sarpanch of Luhasinga and farmers form different parts of Athmallik Block for the Kharif crop cutting at-Pataka, GP-Luhasinga, Block-Athmallik, OMM-VIRD.

Before organization of the programme , the farmer were contacted and resource person were invited accordingly to the field days programme venue. Along with the said farmers, others farmers from the neighbor families participated in the concerned field day.

Firstly all the resource persons were warmly welcomed by the participants. Then the resource facilitators were introduced by the Add. Block coordinator Kamesh ranjan Behera to the plenary and also welcomed all the participants and shared regarding the OMM programme and VIRD. Then Block Coordinator Soundarya Bag, introduced about the objective of OMM programme, and different package of practice after that programme was handed over to the VAW, he addressed about the Nutrition important of Millets product, organic farming, CCE and why field day programme are organized. After that Sapanch of Luhasinga was invited and he spoke about nutritional value and consumption of millets. After all discussion about different point of OMM, went to filed for crop cutting.

The plot for ragi crop cutting were finalized from the South West corner of the field on a randomly basis. The sizes of crop cutting plot were in 5 meter * 5 meter size. The plot were demarcated through color rope and installing pillar from four corner. At the eve of the activities the farmers were gathering around the rope along with guest and resource persons. It was impaled that from 1 acres of land production would be 100 more times of this sample. And from an average of the locality the production

would be calculated. The farmer took special interest in Crop cutting exercise (CCE).

In the beginning of each activity the farmer cut the crop from the border line of the sample plot and then cut the crop from middle of the sample plot. We counted number of the pinnacle of ragi from the sample field. It was found that each pinnacle contain 4-8petals. The weight of the production were weighed and noted down. It is discussed and decided to dry the collected seeds in sun and the final weight of the seeds from that sample plot to be collected from the farmer average the production of the locality. The farmer came to know regarding a new lesson from this exercise. Then lunch Break.

After Lunch break, the session for the doubt clear and experience sharing by the Millets farmer. Farmers are asking about different query regarding the different package of practice, process of preparation of jibamruta and bijamruta, incentive and many more. After that some farmers share their experience and how they benefited from Odisha millets mission programme. And lastly, CRP of concern field thanking to all the participant, guest and resource persons for giving their valuable time in the field day programme. The programme is facilitated by the VAW of the area along with the FA-VIRD project staff.
